All music: Matt Maxwell (unless otherwise indicated)*

DREAMSINGER – ACT 1

Song 1

I Long to be Free

Music & Lyrics: Matt Maxwell

John Toney sings of his dreams; he explains that four walls cannot imprison the depth of his spirit.

John: Flying up above the city,
Silver wings of light,
Nothing stands in my way.
Bird of prey is soaring with me
In the moonlight
I can see a thousand miles away.

The people on the ground below
Seem so very small.
Their words get lost on the breeze.
How could they feel, how could they
know?
They can't hear the call
Of my soul, crying to be free.

Refrain: I long to be free;
I desire to see.
Please let me be
The one I truly am.

They can put me in their prisons,
Put my feet in chains,
Close the walls to the light of day.
Still I'll know a greater freedom
Time and time again;
They can't take who I am away.

Refrain

I'm flying, I'm flying.
Golden Hawk spirit, show me the way.

Flying up above the city,
Silver wings of light,
I can see a thousand miles away.

Refrain (x2)

Song 2

Hall of Dreams

Music & Lyrics: Matt Maxwell

John Toney encounters Golden Hawk, his dreamworld companion who is his conscience and mentor.

Golden Hawk: Welcome to the Hall of Dreams,
Where nothing is ever as it seems.
What is false and what is true?
Now John Toney, it's up to you.
What is false and what is true?
Now John Toney, it's up to you.

Joy, sorrow, pleasure, pain –
Without loss, there is no gain.
You may win or you may lose;
It will be your path to choose.
You may win or you may lose;
It will be your path to choose.

John: You always call to me this way;
I never know what you're going to say.
Golden Hawk, bird of my thought,
Show me what is real and what is not.
Golden Hawk, bird of my thought,
Show me what is real and what is not.

Song 3

Hall of Dreams (Reprise - Golden Hawk)

Music & Lyrics: Matt Maxwell

Golden Hawk: The eyes are blind. The heart is dry.
To be born, you have to die.
To know right from wrong,
Find your dream, find your song.

Song 4

Welcome to the City

Music & Lyrics: Matt Maxwell

Julia Chan, V.P. of entertainment giant Magicvision, sings of the take-no-prisoners corporate-empire building.

Chorus: Welcome to the city,
It's the bottom line in the city. CDs, T.V and radio,
Welcome to the city, You gotta grab all your market share.
It's a gold mine in the city. The common denominator sure is low,
But in love and war, baby, all is fair
In the city, in the city.

Julia: Climb the corporate ladder, make it to
the the top,
No time to take it slow.
Slay the competition, I can never stop
Until I'm running this whole show.
In the city, in the city.

Chorus

Julia: Ocean cruises and fancy cars,
At Magicvision, we can sell you dreams.
Wanna make it? Wanna be a star?
In the city, life ain't what it seems
In the city, in the city.

Chorus (x2)

Song 5

Welcome to the City (Reprise)

Music: Matt Maxwell & Michale Vassos

Lyrics: Matt Maxwell

The city low-life greet John as he arrives in a part of the city very different from the glitz of Magicvision.

Chorus: Welcome to the city. Con Man: What'ya want? Just let me know;
Try your luck in the city. Everything has got its price.
Welcome to the city. Easy come and easy go,
Make a fast buck in the city. Step right up and roll the dice,
In the city, in the city.

Prostitute: Bright lights, painted ladies
At the corner of Yonge and Queen.
Skin heads and bag ladies
Everybody's makin' the night scene
In the city, oh, in the city.

Chorus (x2)

Chorus

Song 6

Falling

Music: Matt Maxwell & John Findlay

Lyrics: Matt Maxwell

John is playing in a downtown bar with his newly-formed band. Vanessa Morely, a talent agent for Magicvision (and daughter of the President of the company) is in the audience. She is moved by his music.

John: I stepped right into a dream,
Where things are never as they seem.
Images from my mind
Flowing all around me.

Then I listened to my heart.
She said it that was time to start
And I knew I had to find
The feeling that had found me.

A nameless one came up to me,
And asked if I was still hungry.
I shook my head, I looked at my feet,
Said I'd already had too much to eat.

Chorus I'm falling, I'm falling;
Can't you hear me calling? (x2)

I felt dizzy, closed one eye
And half-watched the brightening sky.
A golden bird with wings of pain
Rose up and shed a glistening rain
And the moon was crimson.

I come, she screamed
To those who deem
It necessary to redeem
Death, before living.

Chorus

Golden Hawk Spirit, I take you in my heart –
Swift and dangerous sister, we will never be apart.
You fall towards the sea just like a stone,
Return with your prey to the cliff that is your home.

Song 7

Who's this One?

Music & Lyrics: Matt Maxwell

John and Vanessa (unseen to each other) sing of their new-found feelings for each other.

John: Who's this one, who can she be?
When I look in her eyes I see
A thousand worlds waiting to be explored.
Who's this one, who can she be?
Is it true she holds the key
To all I've been searching for?

Vanessa: Who's this man, who can he be?
Who's this one who came to me?
How in the world do I feel this way?
Who's this man, who can he be?

Vanessa: Why does he make me feel so free?
This stranger who won my heart today.

We only met some hours ago.
I must admit that I don't know
A single thing about you, my strange friend.
Soon it's time for Daddy's show.
I sure hope that you will go.
All I want is to see you once again.

John & Vanessa: Who's this one, who can (s)he be?
Who's this one who came to me?
How in the world do I feel this way?
Who's this one, who can (s)he be?
Why does (s)he make me feel so free?
This stranger who won my heart today.

Song 8

Magicvision

Music: Matt Maxwell & Rick Tait

Lyrics: Matt Maxwell

Ali Hussein, a big but fading star in the Magicvision stable of artists, is pitching his latest hit at his CD-release party.

Ali: Watching on the Magicvision,
It can be your biggest thrill.
You don't have to make decisions;
You've got lots of time to kill.

We have electric salvation.
All of your sorrows we will drown.
We have electric salvation.
You'll never want to come down.

Chorus But when you want to fly from this
crazy place,
To disappear without a trace,
Turn on Magicvision, let it ease the pain,
Listen to the colours flowing through
your brain.

Ali: Plug right in and tune right out.
Just relax and let it go.
You can forget all of your doubts.
Just sit back, enjoy the show.

Don't be sad, don't be sorry.
Peace can be so easy to find.
Don't be mad, don't you worry.
Do not overtax your mind.

Give into the feeling.
It will make you free.
It will send you reeling into flights of
ecstasy!

Chorus (x2)

Song 9

Spirit Eyes

Music & Lyrics: Matt Maxwell

At Vanessa's bidding, John gets on stage and wows the crowd at Ali's CD-Release party with his song 'Spirit eyes'.

John: Big black raven against blue, blue sky
Spreads his wings, starts to fly.
Red fox below hears his cry.
I learn to see with spirit eyes.
I learn to see with spirit eyes.

Hungry wolf, timid deer,
No time for anger, no time for fear
They both know the chase is near.
I learn to see with spirit eyes.
I learn to see with spirit eyes.

A cold wind blows through a scraggly pine,
A million words in its lonely whine.
It sings this song since the dawn of time.
I learn to hear with spirit ears.
I learn to hear with spirit ears.

Red and Yellow, Black and White,
Ten thousand years, one endless night;
Now four colours return to the light.
I learn to see with spirit eyes.
I learn to hear with spirit ears.
I learn to sing with spirit voice.
I learn to see with spirit eyes.

Song 10

The Flame

Music & Lyrics: Matt Maxwell

After a busy day at Magicvision. John and Vanessa go to a quiet city park. In this song, they recognize their shared visions.

Vanessa: I've seen the flame inside you burning,
Waiting for some vision, waiting to be shown.
I felt the same thing in me yearning,
Waiting for the right one to be known.

Vanessa: You've seen the fire on the mountain.
You've seen the breaking of the clouds.
You've seen the jewels in the fountain.
You heard yourself sing out loud,
Faces in the crowd.

John: I've seen the doors that you've opened.
I've seen the paths you've walked upon.
You know the way my heart is broken,
How pain can always make you strong;

John: The singer calls to all who listen;
Her dance is the dance of love.
She fills you with a song that's missing;
She knows what you're dreaming of.

Chorus You can see if you open up your eyes;
The choice is yours to make.
Only the truth can ever make you wise;
It's the chance you're going to have to take.
It's the chance I'm willing to make.

Song 11

Rock & Roll Star

Music & Lyrics: Matt Maxwell

Julia Chan sells John the 'pop idol' dream. She prefaces this song by saying: "You don't have to sell yourself; you just have to rent yourself for a while."

Julia: You're going to be a rock and roll star.
Everybody's going to want to be in your shoes.
You'll have one of them big fancy cars,
Driving down the freeway, playing them Indian Blues.

You're going to have your name in lights.
You'll be on every single T.V. set
Sleep all day, stay up all night,
Man, you ain't seen nothin' yet.

Chorus And everyone's going to hear your song
Playing on the radio.

Julia: The time has come to make your choice.
The decision's up to you.
John, you've got the looks, you've got the voice.
You know just what you've gotta do.

John: I can see my dreams, shining golden in the sky;
I can hear them calling out to me.
I won't let this life pass me by.
I'm going to make my destiny!

Gonna be a rock and roll star,
Driving a Jaguar.

Song 12

Surrender (Reprise)

This is John's first hit song. The lyrics, based around the theme of 'surrender', symbolize the surrender of his soul to the entertainment business.

Verse 1 The falling night is magic,
I can feel it in the air.
The atmosphere's electric,
I can see it everywhere.
Now you're here beside me.
You're reaching out your hand.
With your love you guide me,
There's no need to understand.

Verse 2 The fire burns within my heart,
Exploding in my brain.
Until my world is blown apart
And nothing else remains.
But this love I feel inside,
This love that sets me free.
I no longer have to hide;
It's a love that's meant to be.

Chorus Surrender to the darkness,
Surrender to the night.
Give into the madness.
It's a love that feels so right.

DREAMSINGER – ACT 2

Song 1

The Nightcrawlers

Music: Matt Maxwell & Matt Horner

Lyrics: Matt Maxwell

In this song, we see John, Ali, Rathana and Julia at a glitzy media party. Rathana and Julia are in full deal-making mode, while John and Ali are showing off like the over-confident pop stars they've become. They sing the chorus while Vanessa, unseen, mocks them for their shallow lifestyle.

Chorus: **We're the Nightcrawlers, we're the
Nightcrawlers,
Creeping' around by the light of the
moon. (x2)**

Vanessa: I know it's the same old game
That you always play.
You promise money, you promise fame,
When you sell your dreams, you sure
got a lot to say!

Chorus

Vanessa: **Watch the idols dance, watch the idols
sing,
But behind these pearly whites, there's
nothing there.
They promise you the real thing,
But just like their masters, they don't
really care!**

Chorus

Vanessa: **You're gonna sell your soul,
But tell me, what's the cost?
As this story's told,
Can't you see what you've lost?
You're just stupid fools;
Can't you see who's the boss?
You're just being used as tools;
Their gain will always be your loss!**

Song 2

Welcome to my Neighbourhood

Music & Lyrics: Matt Maxwell

Ali Hussein chronicles the not-so-glamorous aspects of a pop star's life. As he wanders from a downtown bar to his condo, he mocks the posers, hangers-on and high-flying low-life who populate this world. When he arrives home, he tries to put an end to his life.

Chorus: Welcome to my neighbourhood.
Life here's always been so good.
Hope you like my part of town.
I'm so glad you came around. (x2)

Ali: Life on the top can be so sweet;
Man, it's a long way from down on the street.
Everyone acts so civilized
But every day that passes, a part of me dies,
In my neighbourhood.

Check out the scene, it's all so fake.
Everybody here is on the make.
Designer dresses, silicone implants,
All the chicks are checkin' into the dance;
They just want some action, a piece of the pie.
But all these broads are just living some kind of lie
In my neighbourhood, yeah, in my neighbourhood.

Chorus

Ali: When I get too down, I just give Roy a ring.
Man, that dude can get me every kind of

thing.

He can put you in slo-mo, he can take you flying high,
But he don't give a fuck if you live or if you die.
In my neighbourhood, yeah, in my neighbourhood.

Chorus

This life that I'm living is just one bad joke.
I'm burned out on the booze, the scag and the coke.
I'm sick of phony people and all their phony dreams.
It's time for me to check out from this ugly, fucked up scene.
Money buys you power, money buys you fame,
But it can't buy your way out from this stupid game.
Money buys you power, money buys you fame,
But it can't buy your way out from this bullshit game.
I've gotta check right out. I've gotta check right out.
I've gotta check right out.

Song 3

You Were the Best

Music & Lyrics: Matt Maxwell

In this ballad, in which Rathan sings to a photo of Vanessa's long-lost mother, we learn about his secret affair that he has kept hidden from his daughter for all these years.

Rathan: You were the best, my love.
None of the others came close to you.
I don't care for the rest, my love;
No one else will ever do.

You would be proud of her;
She's got your eyes, she's got your smile.
She's got your spirit inside of her;
I've tried to tame her but she's much
too wild.

Anna, you forced my hand.
I did to you what I had to do.
I know you'd understand;
This is our secret between me and you.

Song 4

Dark Night of Soul

Music & Lyrics: Matt Maxwell

John is in his inner-dream territory. He sings of his profound sense of loss, now that Vanessa, who has become disillusioned with him, has said she never wants to see him again.

John: A thought is passed in a moment of
time,
The story's there for all to see.
Sometimes I fell so all alone;
I wear my past like part of me.

I hear the wind's song softly, far away;
It speaks the poem of the land.
All of those who move and dance
around me,
They don't ever seem to understand.

Chorus Dark night of the soul,
I'm tired of walking these empty roads.
Dark night of the soul,
When are you coming to take me
home?

John: I've seen this place in my deepest
dreams,
I know it's there I'm supposed to be.
But here I am, with both my feet stuck
on the ground.
I can only look in front of me.

Golden Hawk, now you come across the
sky.
You slowly drift away from me.
You have no time for hellos or goodbyes
We both know what's going to be.

Chorus

Song 5

Star-Crossed Lovers

Music & Lyrics: Matt Maxwell

John and Vanessa, reunited, sing of their undying love.

John: Vanessa, why can't we be free?
Why can't your father ever see
That we were meant to be
Together?
You know my love for you is true.
No one else will ever do.
I want to live with you
Forever.

Vanessa: You know that I
Feel the same way.
I would rather die
Than have you torn away.
You are the rain
On the desert of my soul.
You wash away my pain
As I watch our love unfold.

Chorus Star-crossed lovers, trapped in space and
time,
Our love for each other is our only crime.
I reach out to you,
Through the darkest night.
I have no choice in what I do,
Like a moth drawn to the light.
Like a moth drawn to the light.

John: This wall he's built between us
Is a sacrilege, a sin.
He can't see beyond
The colour of my skin.

Vanessa: Nothing he can say or do
Will change the way I feel.
I know this love for you
Is the only thing that's real.

Chorus

Song 6

Julia's Decision

Music & Lyrics: Matt Maxwell

Julia has discovered Rathan's secret about Vanessa's mother. Now she knows that she has to leave both him and Magicvision. She decides to go to visit Rathan with Ali, whom she saved from his suicide attempt.

Julia: Here I stand now at the crossroads
Between the darkness and the light.
My heart carries such a heavy load
But I must do what is right.
But I must do what is right.

Rathan lives within a world of lies.
In my soul, I am betrayed.
The weed in the sun withers and dies.
With what I know, how could I stay?
With what I know, how could I stay?

Song 7

Confrontation

Music & Lyrics: Matt Maxwell

John and Vanessa, reunited, sing of their undying love.

Vanessa: Daddy, tell me is it true
That you've lied to me all these years?
Daddy, tell me is it you
Who is the root of all my fears?
What's this madness that drives you now,
This desire to control?
Are you too blind to notice how
It's eating up your soul?
Father, put an end now to your schemes,
Or you'll become a prisoner of your
dreams.

Rathan: You think that you're the one who's wise;
Can't you hear the words I speak?
I beg you now don't buy the lies
From this stupid Native freak.
He's beneath you, can't you see?
He's not fit to tie your shoes.
Your love for him's a fantasy,

It's a love you must refuse!
Vanessa, can't you see that you're above
him?
I would rather die than see you love
him.

Vanessa: I see you don't understand.
This game cannot go on.

Rathan: This life is just a game of chess
And he is just a pawn.

Vanessa: I see you won't understand,
But you pretend to know.

Rathan: Vanessa, now you've forced my hand.
I won't let you go.
This tragedy we can no more avoid.
The time has come for him to be
destroyed!

Song 8

Tragedy

Music & Lyrics: Matt Maxwell

Rathan confronts John as he picks up Vanessa to move in with him. In the struggle that ensues, he accidentally shoots his daughter.

Rathan Did you really think you could win this war?
I bet you've forgotten what you were fighting for!
You could have been on the winning side;
Don't you wish you had a place to run and hide?
I have got the power;
You will see it's real.
Now you're doomed, my foolish friend;
Now your fate is sealed.

John Even if I die I am not the fool.
You are the one who is the demon's tool.
Can't you see the chains on your hands and feet?
Your song of victory is really not so sweet.
There is a gnawing hunger
Tearing you to shreds;

You will know no peace
Even when you're dead.

Rathan I will kill you.
I'll see this through.
Say goodbye to your puny life!

Vanessa No, Rathan,
Do not make this move.
What will this useless death ever prove?
No, Rathan,
Forget this plan.
Can't you see your life force is in my hands?
I can't pretend I love you anymore;
Things are different
Than they were before!

Rathan Don't betray me.
Don't try to slay me,
For you will pay me with your life!

Song 9

Vanessa's Lament

Music & Lyrics: Matt Maxwell

Vanessa sings a moving farewell to John.

Vanessa: I can feel the great darkness –
I can almost see
It take hold of me.
Like the night, deep, black and starless.
Can you save me from death's mystery?

Chorus: Please believe me, John
Please believe me
Believe me, John

Vanessa: There's the line between the foolish and the wise?
Tell me do you know, which way to go?

What's the difference between honesty and lies?
In this life we know, it's just for show.

Chorus

Verse 3 The breath of life is slowly leaving me.
Don't know why or how,
But the time is now.
All I ask is you believe in me
Can't you see? You can set me free.

Chorus

Song 10

Hall of Dreams (Reprise - Kwasimat)

Music & Lyrics: Matt Maxwell

In the aftermath of Vanessa's death, all action freezes as Kwasimat mysteriously appears, and leads John into the Hall of Dreams, where he must face his inner demons.

Kwasimat: Welcome to the Hall of Dreams.
Where nothing's ever as it seems.
'Cause you see, my dear friend,
Don't want to break? Then you've got to
bend.
'Cause you see, my dear friend,
Don't want to break? Then you've got to
bend.

Are you the singer, are you the song?
Are you alone or do you belong?
Step with me now through this gate;
Look into the face of fate.
Step with me now through this gate;
Look into the face of fate.

Are you asleep, are you awake?
Is your life real or is it fake?
Like the snake who sheds his skin,
Only those who lose can win.
Like the snake who sheds his skin,
Only those who lose can win.

Song 11

Step Inside

Music & Lyrics: Matt Maxwell

Kwasimat inspires John to undertake his inner journey; she says he has the strength and wisdom to succeed.

Kwasimat: John Toney, your time has come.
The Great Spirit smiles upon you.
Your head is crowned by the rays of the
sun.
Your heart is strong, your thoughts are
true.

Young Dreamer in the making,
Your ship is waiting by the shore.
This priceless jewel is there for the
taking.
The time is now, hesitate no more.

Verse 3

There's no turning back, no turning back.
It will give you strength, give you what
you lack.

Be strong, be true, young friend.
The drum beats the song of victory.
Follow this path to the very end.
Your kindred spirit will make you free.

Chorus

Chorus: Step inside yourself,
There's no turning back, no turning back.
Find your Dreamsong,

Song 12

Rathan's Song

Music & Lyrics: Matt Maxwell

Within the Hall of Dreams, John does battle with Rathan. He gains the upper hand, and has the opportunity to silence his enemy, but instead walks away, realizing that revenge will only continue the cycle of hate and violence.

Rathan: I'd like to crucify you.
I'd spit into your face
I'd mock and I'd defy you,
Let you wallow in disgrace.
You really make me feel sick.
You lousy native scum
I've got some boots for you to lick,
Send you back to where you're from.

Rathan: Go ahead and hate me,
Just like I hate you.
Go ahead, berate me
It's the only thing to do.
Go ahead and kill me.
I don't even care.
Go ahead and still my voice.
You don't even dare.

Kwasimat: John, the words he says are wrong;
Know the thing that's real.
You will only hear my song
When you listen to what you feel.

Kwasimat: John, the words he says are wrong;
Know the thing that's real.
You will only hear my song
When you listen to what you feel.

John: A war is raging in my soul.
It's a war that must be fought.
I feel like losing all control
Of everything I've got.

John: I would love to kill you.
I'd love to do you in.
I would love to still your voice
But then I know that you would win.

Song 13

Song of the Heart

Music & Lyrics: Matt Maxwell

Kwasimat confirms John's triumph of the soul and says he can now sing his Dreamsong to the world.

Chorus It's a song of the heart
For so long torn apart. (x2)

Kwasimat Now find your Dreamsong. Heal yourself. Only then can you heal others. It is the song of the heart. Sing. For your lover, for her father, for all.

Chorus

Kwasimat When your voice is clear, others will join in the Dreamsong. They will hear the breathing of the Earth. And then you will know the power of the Dream. For what is this life, but a dream. Know the Dreamer, whose thought is all creation, if you would be a dreamer.

Chorus

Leave behind all that you know,
Surrender to the light.
The time has come for you to go,
I'll lead you from this night.
You are the dreamer and the dream,
You're the drop within the sea.
You're all that is, you're all that's been,
The slave who's always free.
I will lead from this land,
Your time has not yet come.
Now that you understand,
There's much work to be done,
To be done.

Song 14
Power of the Dream

Music: Matt Maxwell & Matt Horner

Lyrics: Matt Maxwell

All are assembled at Vanessa's funeral. Although it is a time of great sadness, it is also a time of hope – John has realized that our individual destinies must be subsumed by the struggle for truth and justice.

Julia: The lover lies before us,
Death has sealed her fate,
Just another victim in the endless chain
of hate.
The pressure comes to bear, the heart, it
starts to break,
Song of sorrow in the air, what more
can we all take?

Ali: It's written in our faces, it's written in
our hearts.
Stars are falling all around in a world
that drifts apart.
A new day dawns and finds us here,
we're drawn towards the light.
Now our ears begin to hear, our eyes
have found new sight.

Chorus Power of the black,
Power of the white,
Power of the left,
Power of the right,
Power of the pain,
Power of desire,
Power gone insane,
Power of the fire,
Power of the Dream.

John: Only love can conquer hate, truth can
conquer lies.
Everywhere I look, I see my lover's eyes.
I am in you, you are in me, we are in
everyone.
Listen to the heartbeat in the pounding
of the drum.

Chorus Power of the day,
Power of the night,
Power of the way,
Power of the light,
Power of the living,
Power of those who've died,
Power of the giving,
The power that's inside,
Power of the pain,
Power of desire,
Power gone insane,
Power of the fire,
Power of the Dream.

Kwasimat Child rises from the ashes, looks to-
wards the promised land,
Lifts the cup to his lips, raises his right
hand.
Golden Hawk soars overhead, screams
to the crowd below;
Without a word been spoken, they
know which way to go,
Which way to go.

Chorus Power of the day,
Power of the night,
Power of the way,
Power of the light,
Power of the wheel,
Power of the drum,
Power of all that's real,
Power of time to come,
Power of right and wrong,
Power of pain and fear,
Power of the Dreamsong,
For all with ears to hear,
Power of the Dream,
Power of the Dream.
